Profile

As a dedicated Computer Science professional, I bring a strong passion for technology along with a comprehensive skill set that spans both software development and broader areas of computing. While I am proficient in software engineering, my expertise extends to various domains including technical support, hardware and software troubleshooting, and digital content creation. I thrive in dynamic environments where adaptability, problem-solving, and collaboration are key. With a solid foundation in computer science and a versatile technical background, I am eager to contribute to an organization that values innovation, continuous learning, and impactful contributions.

Education

Bachelor - Computer Science
University of Technology, Jamaica, Kingston

Aug 2020 - May 2025
